

In Week 8 of Term 2, students of Year 10 Japanese attended **The Japan Foundation** in Chippendale. **The Japan Foundation** offers language and culture based workshops, designed to encourage and excite students about learning Japanese. Centre Visits allow students to apply their language skills and extend their linguistic and cultural knowledge beyond the classroom environment.

On this day, students completed workshops in **Furoshiki** (Japanese style wrapping) and **Shodou** (Calligraphy). Students applied their knowledge of the Japanese language to complete set activities, by wrapping up various items with traditional Japanese wrapping cloth and creating their own masterpieces by writing in Kanji.

Our instructor for the day, Akahane Sensei, was highly impressed by the behaviour and participation of all students in the day's workshops. Overall, this was a fantastic opportunity for students to apply their knowledge of the Japanese language in an authentic context.
