

Hiroshima Visit
Japan Study Tour
2025

SFCC LANGUAGES

Students studying Japanese from Years 9-11 at SFCC will be embarking on the SFCC Inaugural Japan Study Tour from September 27th - October 9th of the Term 3 Holidays. During the study tour, students will visit many famous Japanese tourist sites, such as Shibuya Crossing in Tokyo, the Golden Temple in Kyoto, and our newly established Sister School in Shizuoka.

Amongst all the exciting landmarks, students will also visit the city of Hiroshima, and the Hiroshima Peace Memorial Museum. Whilst there, students will learn about the tragic events of the atomic bombings on Japan, and pay their respects and wishes for world peace. As a token of this wish, Students across the college have assisted members of the Japanese Club and those students attending the upcoming Inaugural Japan Study Tour in folding over 1000 paper cranes to be donated to the Hiroshima Peace Memorial. After meticulously counting and folding over 1000 cranes, students assisted in stringing the cranes together so that they can be displayed at the Peace Memorial on behalf of the SFCC Community. We wish students attending the Study Tour safe travels and that they use this immersive opportunity to practice and apply the Japanese they have been learning in the classroom.

がんばってください! (Best of luck!)
